Personal Profile

I am a front-end/full-stack web developer passionate about creating beautiful and functional websites. Equipped with comprehensive training from an intensive full-stack development program, I am eager to apply my skills in a dynamic professional role. With a natural inclination towards creativity and problem-solving, I thrive in collaborative environments where I can contribute innovative ideas and solutions. My diverse background in dance instruction and sales coordination has honed my interpersonal skills and instilled in me a strong work ethic, making me adaptable and versatile in any professional setting.

Work Experience

Front End Developer | TimeStep

Montreal, QC

Collaborated with a dedicated team of developers to create a dance event registration platform.

May 2024 - July 2024

- **Software Development:** Contributed to the development of the platform's core features, leveraging **Next.js** and **GraphQL** to build a robust and scalable solution.
- **UI/UX Design:** Revamped the app's look and feel based on a previous iteration, delivering a polished and user-friendly interface using **Material UI** and **styled-components**.
- **Version Control & Documentation:** Applied professional workflows, including **Git**-based version control, peer code reviews, and comprehensive project documentation.
- **Mentorship & Learning:** Strengthened technical expertise and industry knowledge under the guidance of an experienced mentor, gaining insight into development best practices.
- **Soft Skills:** Demonstrated teamwork, effective time management, clear communication, and initiative to address challenges in a collaborative setting.

Dance Instructor | Communauté Cat's Corner

Montreal, QC

Teach swing dance to diverse groups while contributing to event organization and management.

July 2018 - present

- **Instruction:** Deliver engaging and effective lessons to adults and youth in various swing dance styles, catering to multiple skill levels.
- **Collaboration:** Work both independently and with co-instructors to develop long-term teaching plans and individual lesson content.
- **Event Management:** Oversee social dance events, manage reception duties, and assist in planning and executing large-scale events hosted by the community.
- **Soft Skills:** Demonstrate exceptional teamwork, group management, time management, communication, interpersonal skills, and presentation skills.

Sales Coordinator | Atelier Murri

Montreal, QC

Facilitated wholesale operations and strengthened brand presence across digital and physical platforms.

December 2021 - April 2023

- **Wholesale Coordination:** Communicated with fashion retailers to manage wholesale inquiries, providing tailored support to meet client needs.
- **Digital Store Management:** Maintained and optimized the brand's store pages on marketplace websites, ensuring accurate product representation and inventory updates.
- **Client Relations & Problem Resolution:** Acted as a key point of contact for clientele, addressing and resolving issues related to orders, shipping, and other logistical concerns to ensure customer satisfaction.
- **Retail Support:** Organized and merchandised brick-and-mortar storefronts, assisting customers to create a seamless shopping experience.
- **Trade Show Representation:** Represented the brand at wholesale trade shows, building professional relationships and promoting product lines.
- **Soft Skills:** Utilized digital/web literacy, organizational skills, communication, interpersonal skills, and presentation abilities to support growth and strengthen the brand.

Education

Attestation of Collegial Studies | John Abbott College

Ste-Anne-de-Bellevue, QC

Year-long intensive program in full stack web development

May 2023 - July 2024

- **Competitive Program:** Successfully gained admission to a selective and highly competitive program, focused on building strong technical skills and professional competencies.
- **Fundamental Programming Concepts:** Mastered key programming concepts, including algorithms, data structures, and software architecture, providing a solid foundation for real-world application development.
- **Continuous Learning:** Developed a mindset of lifelong learning, equipping myself with the tools to adapt to evolving technologies and practices in the ever-changing world of software development.
- **Hands-on Experience:** Gained practical experience through a series of individual and group projects, using a broad range of technologies to create real-world web applications.
- **Academic Achievement:** Consistently earned Honour Roll recognition in every term, reflecting dedication and high academic performance.
