Personal Profile

I am a front-end web developer interested in creating beautiful and functional websites. Equipped with comprehensive training from an intensive full-stack development program, I am eager to apply my skills in a dynamic professional role. With a natural inclination towards creativity and problem-solving, I thrive in collaborative environments where I can contribute innovative ideas and solutions. My diverse background in dance instruction and sales coordination has honed my interpersonal skills and instilled in me a strong work ethic, making me adaptable and versatile in any professional setting.
